**Program Descriptions**

### ***Dutch Oven Cooking***

Cooking the old-fashioned way, on a fire! Join us for some easy recipes you can make and sample a few, too. Bring a chair and your taste buds for this delicious program.

### ***Eyewitness: Reptile***

Reptiles are usually feared, but join us for a video and presentation about the fun things reptiles can do, how they can help us, and why they should not be feared.

### ***Forest Animals***

Designed for the pre-schooler, everyone learns something on the adventure of ABC's through the forest of Stub Stewart.!

### ***Incredible Insects***

Salamanders and newts are abundant in Oregon and at Stub Stewart State Park! Come listen to a park naturalist talk about these interesting creatures and learn a fun craft to take home!

### ***Leave No Trace***

These seven principles can help everyone enjoy and protect our special natural spaces. Learn more at this talk and video presentation.

### ***Millions to One***

This program about insects might give you a whole new respect for our many-legged friends. Join a park naturalist for a discussion, video and maybe even a live bug or two!

### ***Nature's Alphabet***

Designed for the pre-schooler, everyone learns something on the adventure of ABC's through the forest of Stub Stewart.

### ***Newts are Neat!***

Salamanders and newts are abundant in Oregon and at Stub Stewart State Park! Come listen to a park naturalist talk about these interesting creatures and learn a fun craft to take home!

### ***Owl Prowl***

Hike the ¼-mile Brooke Creek Trail with a park naturalist and hear the whoooo of the locals. If we're lucky, we'll be able to call to one! Hot chocolate provided. Wear appropriate footwear, bring a flashlight.

### ***OMSI Star Party – Perseid Meteor Shower (August)***

No experience necessary. All equipment provided. Join OMSI and the Rose City Astronomers to view the sky, see the International Space Station and much more!

### ***Slugs, Bugs, and Other Ughs***

Dig down deep with a park naturalist to explore the life of a decaying log and the forest floor. These creatures aren't as creepy as you think!

### ***Saturdays at Stub – Wild Stub Part 2***

Take a walk on the wild side with a park naturalist on this guided adventure past our very own beaver pond! Bring water, appropriate footwear, binoculars.

### ***Saturdays at Stub—Hike to Unfit Settlement View***

Join a park naturalist and discover why we built a park in an area deemed "unfit for settlement." Hike takes about 2 hours, and is approximately 2 miles.

### ***Saturdays at Stub—Brooke Creek***

Join park staff on a hike through the forest along Brooke Creek. We'll discuss forest layers and habitats over the course of the one-hour hike. *Bring plenty of water and wear sturdy shoes.*

### ***The Silent Invasion***

Invasive species are eating and crowding native species out of existence. Join us for the OPD video *The Silent Invasion* to see how these species and more are transforming Oregon's landscape.

### ***Treasure Hunt***

Join a park naturalist on an adventure seeking out natural treasure within Stub Stewart State Park. Prizes awarded at the end!

### ***Trees Can Fly, but Fish Can't***

Join us for a look at a restoration project that includes flying trees and electric fish—and it all happened right here at Stub Stewart State Park!

### ***What's a Herp?***

Reptiles and Amphibians make up the herpiles and you can see some of the most common herps at Stub Stewart State Park! Join a park naturalist for this squirmy and scaly program – live animals to touch!

### ***Where Does JR Live?***

Does anyone know where the Oregon State Park mascot lives? What does he do all day? Join a naturalist on a short hike to find out.
